A MESSAGE FROM

THE CEO

It goes without saying that these are extraordinary times. At the onset of the COVID-19 crisis, we pivoted to keep our staff safe and our Bigs and Littles connected. Our staff moved from their office environment to working remotely, and our Bigs and Littles began connecting virtually and learned about internet safety. We have adapted at warp speed while supporting each other.

Our donors' steadfast investments to meet our youth's needs reaffirm our mission. The compassionate spirit of each Big toward their Little rewards our work every day. Our Bigs have been connecting with their Littles more frequently than ever, knowing that vulnerable youth have been facing more extreme challenges since the onset of the pandemic.

On a personal note, I recently had a heartwarming conversation with a former Little, Paul Mannino. We were reminiscing the life of his Big Brother, Bob Werner, who recently passed away. Paul's description of Bob and their 35-year friendship reflects the lifelong value

of mentoring. Paul described his Big Brother as his moral compass and a teacher of values he carried forward with his children.

We know when a child has an adult in their life committed to their well-being:

- Self-esteem soars
- School attendance improves
- Risky behavior decreases
- Graduation rates climb
- Families thrive

Paul describes his Big Brother, Bob, as "a really good guy who was a big part of who I am today." Please support our youth by becoming a mentor and teacher of lifelong values.

A MESSAGE FROM

THE BOARD CHAIR

It is an honor to serve as the new Board Chair of this incredible organization. I'm deeply grateful to my predecessor, Susan Flynn, and everyone involved in the remarkable achievements of Big Brothers Big Sisters of the Sun Coast. Our agency's recognition as "National Agency of the Year" and "Board of the Year" are honors that reflect the dedication of our volunteers, staff, and donors. Their contributions have set us up for continued success and sustainable growth.

Our organization depends on volunteers, the individuals who give their time and devotion to mentor children in need of a positive role model. On any given day, 150 to 250 children that want a mentor are wait-listed. Our biggest opportunity is to close this gap, matching every child with a Big. Something I have learned in life is that there is no higher calling than empowering young girls and boys to reach their greatest possibility. This is not

easy work, but our efforts make a difference. Our reward is in changing what's predictable into what's possible for our Littles.

During my tenure serving as Board Chair, I want to make sure that everyone understands their contributions matter. Our staff, volunteers, and donors are the equation that make our work possible, and together, we will continue to succeed.

Warmest Regards,

—Don Patterson

IGNITE - POTENTIAL

In 2015 Big Brothers Big Sisters branded license plates became available for sale at county tax collector offices across Florida.

Today, over 7,000 Floridians have a Big Brothers Big Sisters license plate on their vehicle. The organization receives money for each plate sold, which last year generated over \$164,000 for our mentoring programs across Florida.

Big Brothers Big Sisters of the Sun Coast ranks #1 in Florida, (as of October 2020) with over 1,800 active license plate sales.

Big Brother Tim Mitten and Little Brother Sonny enjoy socially-distanced fun on the water.

EMBRACING DIVERSITY, EQUITY, AND INCLUSION

Our **Diversity, Equity and Inclusion Task Force**, composed of board members, staff, and volunteers, is consistent with previous strategies but enhanced by the formation of our Task Force. We recognize the value in acknowledging and learning about the impact of social and cultural bias that affects the lives of many of our Littles. Together we affirm that every person has the opportunity to reach their full potential. We are committed to creating and cultivating a safe environment where all individuals feel respected and valued equally. Additionally, we appreciate the benefits of having a truly diverse and inclusive organization where all feel welcome and valued. Our Strategic Plan reflects the commitment of a more diverse and culturally competent program and training. We recognize our need to set and maintain a standard of practice that reflects our values and priorities to reduce or eradicate

disparities, barriers and challenges that our youth face. We endeavor to accomplish this so anyone affiliated with our organization, especially the Littles, has the most rewarding experience and the opportunity to contribute, flourish, and thrive in an environment conducive to their growth and development.

BIG BROTHER OF THE YEAR

Sid Friedman

"Sid is someone who has **always been there for me** and a true supporter when my father or mother have not been there. He has guided me and **shown me opportunities** and possibilities I could only dream of. He has shown me what I needed to succeed in my post-secondary planning through middle school and high school."—JAKOBIE

BIG SISTER OF THE YEAR

Candy Brooks

"Candy is very sweet, caring and thoughtful. It's hard to count the times she was there for me through the years, but I can tell you **I don't know what I would have done without her.** When I felt lost, she found me. When I struggled in school, she helped me. **When I felt powerless, she made me powerful.** She helped me find my strength when I was weak. She has helped me with my family issues and gave me advice—talked me through it. I trust her more than anyone. She's my best friend. Candy and I have fun spending time together, going to the parks, shopping, and we laugh a lot!" —AALIYAH

"Having seen firsthand the transformative outcomes that a dedicated Big Brothers Big Sisters mentorship and friendship has on a young person's life, adding Big Brothers Big Sisters to our legacy endowments was quite simply a 'no brainer.' We know we all have multiple worthy organizations vying for our limited money and endowments. We came to the conclusion that if leaving even a modest endowment will change the trajectory of a child's life, so that he or she can overcome barriers and forge a pathway to a productive and fulfilling adulthood, then how could we not make Big Brothers Big Sisters part of our ongoing legacy?"
